Uganda Learning, Evidence, Accountability, and Research Network

Generating and encouraging uptake of evidence and insights for the Uganda refugee response

How U-Learn Works

We act as a public good – supporting a wide range of refugee response actors to continually improve their programming by making use of high quality learning, evidence and insights.

"We believe the refugee response is most impactful when it maximises the use of quality evidence, and deeply integrates refugee voices and preferences.

What We Do

We specialise in Accountability to Affected Populations (AAP), Research, and Learning.

We deliver a range of assessments, convener events, trainings, resource curation, and technical assistance to support actors across the response.

LEARNING HUB
Facilitating cross-sectoral learning and encouraging uptake of key evidence amongst refugee response actors.

RESEARCH
Conducting in-depth assessments to fill critical knowledge gaps in the refugee response

AAP
Empowering refugees and host communities to make their voices count all levels of refugee response planning.

A Cross-Sectoral Approach

U-Learn takes on a cross-sectoral approach with a focus on themes such as Cash & Social Protection, Private Sector and Innovation and Refugee Participation.

Request For U-Learn Support

Learning (TELS)
TELS (Tailored Evidence and Learning Service) is a free service from U-Learn. It is designed to support cross-sectoral learning and the increased use of evidence and good practices in the Uganda refugee response. You can make a TELS request through our website (ulearn-uganda.org/tels-request/).

AAP – Technical Assistance
Do you need support integrating refugee voices and preferences into your response work? U-Learn has dedicated expertise based in Gulu, Arua and Fort Portal providing guidance and assistance on the integration of AAP tools and approaches. Contact Ann Mbeiza to initiate a request: ann@ulearn-uganda.org
